I just realized Something, The so-called mentally ill
are being

miss-diagnosed as Schizophrenic, Schizotypal, Bipolar,
Schizoaffective,
and many other things and labeled by a Bogus Label, when
really all it

It is Government Voice of God Tech or Some Ghost that
decides to stalk,
harass, bully the target, they call this phenomenon Gang
Stalking of

Targeted Individuals, nothing special about, Government
does it.

Psychiatrists are Committing Perjury and lying on a mass
scale.

Psychiatrists are making up blanket statements about
patients.

Psychiatry is not a real medical science and is a Fraud
Period.

Here is an MP3 and PDF of what I have worked on :

The Harm that Psychiatric Drugs do to Bodily Organs which
include dementia, organ and brain damage clearly shows
something is clearly wrong with Pharma and Psychiatry ... ;

In other words real actual schizophrenia does not include
words and vocabulary or intel the person is unaware of
that later gets confirmed with a Google Search ... '

There is so much to this rabbit hole of Psychiatry falsely
labeling Voice To Skull Patients as Schizophrenic Patients.
